The Methodist, Baptist and Presbyterian pastors in Wadesboro have agreed to close up all but one of their churches on each Sunday night during the summer and worship together.

An Elk Republican, in defining free coinage at 16 to 1, said it meant for the government to coin 16 silver dollars, keep one of them for its pay, and give the other fifteen to the owner of the silver.

Newton Enterprise: The wheat crop in Catawba is now about all cut. The weather has been all that anyone could desire for saving the crop. It is a very fine crop, almost as fine as any that has been harvested in Catawba county.

Raleigh correspondence Charlotte Observer: Mr. Geo. W. Justice, of Asheville, is engaged in the laudable work of trying to get Lord Chief Justice Campbell sober. Campbell appears to realize his condition and to be trying to reform.

A new Baptist church will be dedicated at Haw River next Sunday. Dr. Hume will preach the dedicatory sermon and addresses will be made by Rev. E. Van Deventer, Rev. W. C. Tyree, Rev. J. C. Hocutt, and J. C. Caddell.

Charlotte Observer: Rev. Dr. Pritchard received a telegram last night from United States Marshall O. J. Carroll, informing him of the death of his brother, Rev. J. L. Carroll, D. D., at Chapel Hill, at 9 a. m. yesterday.

Clinton Democrat: Mr. W. D. Wooten had his store burned at Irons, Columbus county, last week. The postoffice was kept in the building. The fire was of an incendiary origin and the loss will be at least one thousand dollars.

Charlotte News: Thomas Ross Robertson, son of Capt. T. E. Robertson, and grandson of Col. Wm. Johnson, died at his home in this city yesterday afternoon. He has been sick for some time with dropsy aggravated by heart affection. He was 20 years of age.

Newbern Journal: It is with sincere regret that we chronicle the death of Mrs. Ida Dill, wife of Mr. Jno. A. Dill, which occurred at her home in Beaufort. She was a Christian woman, of high moral character, and those who knew her best, loved her most.

Columbus News: Papers were filed here yesterday by Attorney J. B. Schulken for a colored employee of the Butters Lumber company, entering suit against said company for \$10,000 damages for injuries received by plaintiff while in the employ of the company last February.

Hickory Press and Carolinian: A big silver rally is to take place at Hickory on the 12th of July and it will attract people from all over the State. It will be addressed, our contemporary says, by big guns from the different parts of the country. Sibbey, Butler and Tillman are mentioned among the orators.

The Standard says a citizen of Concord, a dry town, brought home with him from Salisbury a two gallon jug of corn juice, carrying it in a sack. He secreted it near his home until a more convenient season. But alas a billy goat found the jug and broke it. The corn juice saturated the sack and then the goat chewed the sack until he was drunk as a lord.

D. F. Ware, of Rockingham, entertained Mormon preachers and joined the Mormon church. He made the trip to Salt Lake City; then stole away and came back at a cost of \$951. Now he has a large family and no home. He tells his Mormon experience in Zion's Landmark. Editor Gold wants all others against the folly of Mr. Ware.

Rocky Mount Argonaut: Last Friday evening, while Mr. J. W. Robbins, assistant yard master at Rocky Mount, was coupling some cars loaded with coal he had the misfortune to get his arm caught between the cars. The bones of his elbow were mangled and the soft part badly confused. Dr. Whitehead was summoned and rendered all necessary aid. He hopes to save Mr. Robbins arm.

The report of the geological survey on precious stones of the United States for the calendar year 1894, completed by Special Agent Geo. F. Kunz, says the principal developments of the year are: The finding of a 10 7/8 karat diamond at Dowagiac, Mich.; developing of a new ruby mine near Franklin, N. C.; finding of emeralds at Mitchell Park and near Earle's Station, N. C. A new vein of true emeralds was also found near Bakersville, N. C. A big output is predicted under development of this vein.

Statesville is to have a general bonfire this evening. It will be the only one in the South. When the distiller deposits his whiskey in this warehouse he is given a certificate of deposit, showing the number of barrels and quantity of spirits deposited. He can hold these certificates un-

til he gets ready to remove his whiskey, or he can sell them to a dealer at any time and the dealer can tax-pay and remove the whiskey at his pleasure. The certificates can also be used as collateral, as they are worth the amount of whiskey called for.

Statesville Landmark: A \$50,000 cotton mill is to be built at Riverside, about three miles above Catawba Station, on the Catawba side of the river. The projectors are Dr. J. H. and Mr. H. A. Yount, of Shiloh township and Messrs. Yount & Shrum, of Newton. They have bought 100 acres of land at Riverside and work on the mill will begin at once. Contracts are now being let for the lumber and brick work. The company expects to put in 5,000 spindles and will have the mill ready for operation next Spring.

Mr. L. L. Witherspoon, of Newton, who has recently declared his probable affiliation with the Republican party, seems to occupy a peculiar position. At the last Democratic Judicial Convention for this district, he received the hearty support of the Catawba delegation. Some doubt has been expressed concerning Mr. Witherspoon's political position, he took occasion in an address delivered before the Democratic club of Hickory last fall, to bitterly deny the aspersions, defend the Democratic President and Congress, and declare that he "had never been anything but a Democrat." He has waited until a late day before expressing his conversion.

Rev. A. W. Sanborn, a Michigander, arrived in Concord some days ago to introduce the doctrine of the Seventh Day Adventists among the negroes. The Standard says it became reported that he was preaching social equality and saluting the sisters with the holy kiss, and that a mob of 15 or 20 white men waited on him Monday night and told him he must get out of town and at last accounts he hadn't. He appears in a card in the Standard of Monday and denies all the charges against him of creating race feeling. He says he is preaching his religious doctrine and nothing else.

Carthage Blade: In tearing down an old house on the Morris place near Jackson Springs, a few days since, K. M. McCaskill found twenty-seven Spanish silver dollars, wrapped up in a handkerchief and secreted between the walls. Some of them bore the date of 1717. The handkerchief was so old that when the boards were removed the money rolled out. —We had a letter yesterday from a Northern firm who are thinking of establishing a furniture factory at some point in the South in the near future.

Be Careful.

From all parts of the country come reports of a wonderful increase in business. Manufacturing enterprises are crowded with orders, new concerns are being started, old ones are adding to their plants, railroad companies are preparing to make long-needed improvements to rolling stock and track, and many new short lines are being constructed. Throughout the South these conditions are pre-eminent. The outlook for this section was never before so promising. The wide diversity of manufactures, the great increase in immigration, the development of railroads and the extension of foreign trade are all uniting to give to the South a period of wonderful prosperity. There is but one great danger to this section, and that is the danger of overdoing this development and of running into booms. The experience of the past should teach a lesson never to be forgotten, but the business people of the South must see to it that they are not led by the spirit of activity now prevailing into boom methods. The South wants no more fictitious booms. —Manufacturers Record.

Firemen Crushed to Death.

Minneapolis, Minn., June 27. The most disastrous fire in this city in point of loss of life since the Tribune fire of 1889, broke out at 11 o'clock to-night in a five-story building at Nos. 240 and 242 First avenue, South, occupied by McDonald Bros., wholesale crockery. Six firemen were killed and many injured. The first alarm was shortly followed by a second and third alarm and a general call for the entire department. The blaze started in the rear of the upper stories, but soon communicated to the front of the building and then burst forth from the roof. In half an hour the roof gave way and two minutes later a part of the side wall fell, crushing beneath it a group of firemen in the alley way. Six were taken out dead.

The Georgia Fruit growers are fighting the Georgia railroads, on account of alleged excessive freight charges, before the State railroad commission. The railroads claim that fruit is the most difficult of all freight to handle, that ice must be provided, and hence the high rates.

That burning thirst will increase until it is beyond your control, and you may drink something that you ought not to. Quench it before it is too late with a glass of our coca cola. Quench that low fever, too before it runs into something with a bottle of our gingerale. You do not need as much medicine in the summer as in winter, but when you do need it, you need it bad and you need it quick. Try us for quickness as well as goodness.

WHY do people complain of hard times, when any woman or man can make from \$5 to \$10 a day easily. All have heard of the wonderful success of the Climax Dish Washer; yet many are apt to think they can't make money selling it; but anyone can make money, because every family wants one. One agent has made \$18.46 in the last three months, after paying all expenses and attending to regular business besides. You don't have to canvass; as soon as people know you have it for sale they send for a Dish Washer. Address the Climax Mfg. Co., 45 Starr Ave., Columbus, Ohio, for particulars. mar23-d eod sm.

CASORIA is truly a marvelous thing for children. Doctors prescribe it, medical journals recommend it and it is in place of paregoric, Bateman's Drops, so-called soothing syrups and other narcotic and stupefying remedies. Casoria is the quickest thing to regulate the stomach and bowels and give healthy sleep the world has ever seen. It is pleasant to the taste and absolutely harmless. It relieves constipation, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Casoria is the best panacea—the mother's friend. It is put up in one-size bottles only. It is not sold in bulk. Don't allow anyone to sell you anything else on the plea or promise that it is "just as good" and "will answer every purpose."

How it Acts.

After using Drummond's Lightning Remedy for Rheumatism, according to directions, for ten days, Mr. John W. Boynton, of Hampton, Va., writes that he can walk and attend to business, which he could not do before. This remedy has a remarkable record of cures—not only relieving pain, but restoring all the functions of the crippled limbs. If you want a cure, send \$5 to the inventor, Dr. J. M. Boynton, of Hampton, Va., and they will ship to your express address two large bottles of their remedy with full directions to use. Agents Wanted.

Like a Great Railway.

With its branches running in every direction are the arteries and veins which convey the blood to every direction of the system. A cold, sudden change of exposure, may cause poisonous acids to clog the circulation and then comes rheumatism. If life is worth it, do not hesitate, but get Drummond's Lightning Remedy. Send \$5 to the Drummond Medicine Co., 48 Maiden Lane, New York, and they will send you two large bottles, enough for one month's treatment by first express. It is not as quick as electricity, but it will save your life. If you take it in time. Agents Wanted.
